

Checking receipt on phone screen

Receiving Epassi app payments is fast and easy.
The cashier can see payment details with one quick look.

The image shows a smartphone screen displaying an Epassi payment receipt. The screen is framed by a black border. At the top, the status bar shows the time 11.26, 4G signal, and 76% battery. The app interface includes a close button (X), a payment amount of 37,35 €, and the Epassi logo. A green checkmark and 'PAYMENT APPROVED' are visible. The main receipt area shows the venue name, a large amount of 12,50 €, and a 'Show Receipt' link. At the bottom, a table provides details: Verification code (10A3-OEXOXI), Person (John Smith), Time (19.3.2025 11.26.24), and Valid for (15m 53s). A colorful Epassi animation is at the very bottom. Surrounding the phone are callout boxes with labels and dotted lines pointing to specific receipt fields: 'Restaurant / Venue name', 'Checkout price', '4-digit daily code', and 'Transaction ID (unique)'. A note at the bottom left explains how to print verification codes.

Restaurant / Venue name

Checkout price

4-digit daily code

Transaction ID (unique)

Verification code, changes daily.

If needed, you can print upcoming verification codes by logging in with your admin account at services.epassi.fi and clicking the code list -button.

Verification code	10A3-OEXOXI
Person	John Smith
Time	19.3.2025 11.26.24
Valid for	15m 53s

In a valid receipt you'll see a personified **Epassi-animation** in the bottom of the screen.

If the payment has expired, animation won't be visible and a **not valid** label will show instead.
